

Science Club

FOR GRADES 5-8

8 Seats Available

TIME: 1:00 - 2:00 PM every Thursday, October 12th - Nov 16th

PLACE: Frontier's **EAGLE RIVER** Office

This course is comprised of a variety of labs to develop understanding of the world of reptiles, water life, and mammals through the dissection of a cow eye, snake, starfish, owl pellet, perch, and turtle. Through this array of items, the students will develop critical thinking of the world around them focusing on the differences and similarities of the biological sources that we will be using. This course is completely hands-on. Each student will have a dissection kit for use during the one-hour lab.

Facilitator: Ruth Templeton

Pay from Allotment: \$99.00 Sign up today. Email your student's name, age, club name and time to Donna Arms arms_donna@asdk12.org
